### Faculty Information

<table>
<thead>
<tr>
<th>Faculty Name</th>
<th>Title</th>
<th>Area of Expertise</th>
</tr>
</thead>
</table>
| **Prof Karen CHAN 陳潔瑜**  | Assistant Professor     | • Ocean science  
• Global climate change  
• Marine plankton  
• Marine invertebrate larvae                                                                                                                   |
| **Prof Tom CHEUNG 張曉東**   | Assistant Professor     | • Somatic/ adult stem cell biology  
• Stem cell aging  
• Stem cell quiescence and activation  
• Muscular dystrophy                                                                                                                        |
| **Prof King L CHOW 周敬流**  | Professor               | • Animal development and patterning  
• Genetics, diseases and gene therapy  
• Evolution and gene-environment interaction  
• Genome biology and editing  
• Synthetic biology  
• Science education and innovation  
• Gifted education                                                                                                                            |
| **Prof Karl HERRUP 許若蒲**  | Chair Professor         | • Aging  
• Alzheimer's disease  
• Brain science - neuroscience  
• Cell death  
• Cell cycle and DNA damage                                                                                                                   |
| **Prof Stanley LAU 劉振銳** | Associate Professor     | • Environmental microbiology  
• Marine bacteria  
• Marine pollution  
• Population genetics of E coli                                                                                                               |
| **Prof Danny LEUNG 梁子宇**  | Assistant Professor     | • DNA sequencing  
• Genetics  
• Interaction between genes and the environment                                                                                               |
| **Prof Chun LIANG 梁純**     | Associate Professor     | • Mechanism and cell cycle control of DNA replication in the budding yeast  
Saccharomyces cerevisiae  
• Regulation of DNA replication in normal and cancer cells  
• Molecular cancer detection and anticancer agents                                                                                             |
| **Prof Kai LIU 劉凱**        | Assistant Professor     | • Spinal cord/optic nerve injury  
• Axon regeneration  
• Neural repair                                                                                                                               |
| **Prof Peiyuen QIAN 薊培元** | Chair Professor         | • Marine natural products as drug leads and antifouling compounds (for marine coating)  
• Marine microbial ecology  
• Marine ecology and marine environment  
• Marine genomics and proteomics  
• Marine environmental impact assessment                                                                                                         |
| **Prof Karl TSIM 蔡華強**    | Chair Professor         | • Chinese medicine  
• Quality control of Chinese herbs  
• Bird's nest                                                                                                                                  |

Prof Henry LAM 林熙寧  
Associate Professor 副教授  
Associate Head 副系主任  
Tel: 2358 7133  
Email: kehlam@ust.hk  
Language: Cantonese, English

**Area of Expertise**

• Environmental management  
• Industrial wastewater treatment  
• Solid waste treatment  
• Drying of solids  
• R&D on lithium ion batteries  
• Freeze drying of high value products  
• Waterborne coating development  
• Environmental electrochemical technologies

• Diffusion in polymers  
• Rheology of liquid crystalline polymers and polymer blends  
• Cold extrusion of ultra-high molecular weight polyethylene  
• Micro rheology  
• Polymer/nanocomposites  
• Fuel cell membrane  
• Photocatalytic oxidation using OFR  
• Nanoparticles coated wrinkly free cotton fabrics  
• Bio-polymer materials

• Energy conservation  
• Steam and power system design and optimization  
• Production planning and scheduling  
• Site-modeling and waste minimization  
• Waste to energy

• Proteomics  
• Mass spectrometry

DEPARTMENT OF COMPUTER SCIENCE ENGINEERING

Faculty Information

Prof Gary CHAN 陳聲嘉
Professor 教授
Tel: 2358 6980
Email: gchan@ust.hk
Language: Cantonese, English

Area of Expertise

- Internet-of-things
- Multimedia streaming
- Wireless and mobile computing
- Big data management and analytics

Prof Lei CHEN 陳雷
Professor 教授
Tel: 2358 6980
Email: leichen@ust.hk
Language: English, Mandarin

Area of Expertise

- Big data extraction, integration, storage
- Big data management and query optimization
- Graph data management and analytics
- Crowdsourcing
- Time series data and spatial data management

Prof Long QUAN 權龍
Professor 教授
Tel: 2358 7018
Email: quan@ust.hk
Language: English, Mandarin, French

Area of Expertise

- Computer vision
- 3D reconstruction
- Image-based modeling and rendering
- Machine learning
- Robotics perception
